A short and inportant biography of Lemuel Flint. Born April 6, 1798 in Township of Canagaharie, County of Montgomery, State of N.Y. Brought up by my parents until 1815. I left home and went to Ontario County where my oldest brother lived in Township of Lyons, now the County Seat of Wayne County. In the Fall of 1818, I went into Ashtabula Co. Ohio and in Nov. 8, 1820 was married to Mary Minard of Lebanon, now New Lyme. We had 3 children - 1 boy and 2 girls. On Feb. 4, 1831 my wife died. Nov. 2, 1831, I was married a second time to a widow Hannah Gee who had two children by her forst husband. We continued to live in New Lyme until Nov. 18, 1837, then we moved Washtanew Co. Michigan and lived there 18 months, then moved into DeKalb County Indiana, where I now live (on my farm I suppose). 3 children. Six weeks from the time our last child was born our house and goods burned up. Hard. Wilderness country, small clearings, quite new, sparcely settled. We had some sickness, some floods, some wind storms, but have lived through all.

United States Greenback Party

From Wikipedia, the free encyclopedia

The **Greenback Party** (also known as the **Independent Party**, the **National Party**, and the **Greenback-Labor Party**) was an American political party that was active between 1874 and 1884. Its name referred to paper money, or "greenbacks," that had been issued during the American Civil War and afterward. The party opposed the shift from paper money back to a specie-based monetary system because it believed that privately owned banks and corporations would then reacquire the power to define the value of products and labor. Conversely, they believed that government control of the monetary system would allow it to keep more currency in circulation, as it had in the war. This would better foster business and assist farmers by raising prices and making debts easier to pay. It was established as a political party whose members were primarily farmers financially hurt by the Panic of 1873.

The Greenback Party was founded at a meeting in Indianapolis, Indiana, on November 25, 1874. It was originally called the **Independent Party** or the **National Party**. In 1878, it was the largest force involved in the election of 21 independents to the United States Congress. In 1880 the Greenback Party broadened its platform to include support for an income tax, an eight hour day, and allowing women the right to vote. The party's influence declined quickly, and after 1884 it was no longer a force in American politics. Many Greenback activists, including 1880 Presidential nominee James B. Weaver, later participated in the Populist Party.

Other than name, there is no continuity between this historic movement and the 1952 campaign of Frederick Proehl [1], nor that of Whitney H. Slocomb in 1960.[2]

Suggestions on grant writing

Grant writing does not require specialized training or expertise. To assist all applicants, staff members are only a phone call away if you have questions about information contained in this packet. Staff is eager to help you present your proposal in the best possible light for panel review.

Successful grant applications contain clear, concisely written descriptions of your arts project that demonstrate how a grant proposal meets all guidelines and evaluation criteria.

- Read the guidelines thoroughly before you begin to write the application. Follow the application instructions carefully. Contact the IAC for clarification or with questions.
- Write the application with the assumption that its reader does not know about you or the project. Avoid jargon or abbreviations that are not familiar to the general public. The narrative should address all questions, and should explain specifically why your project merits funding.
- Have someone not closely associated with the project read a draft of the application to see if it communicates what is intended.
- Construct your budget based upon your artistic goals. Estimate your expenditures and revenues realistically.
- Apply by the deadline; late applications will not be given funding consideration.

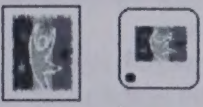
Selecting artistic documentation

All applicants are required to submit artistic documentation following the guidelines listed below. Review this section carefully to identify what kinds of documentation you must submit. You are strongly encouraged to talk with IAC staff regarding your artistic documentation.

Works selected as documentation must have been **produced after February 1, 2000**, and should feature works created by the applicant. Please submit discipline-specific documentation applicable to the project for which funds are requested. All artistic documentation should be labeled according to the discipline-specific instructions listed below. Representative samples of the artist's work are limited to these quantities and formats:

CRAFT

Includes projects by contemporary craft artists working in a wide variety of media including clay, fiber, glass, leather, metal, paper, wood, and mixed media.



Documentation requirements**:** Submit six numbered 35mm slides or photographs (8"x10" or 5"x7"). One of the six slides/photographs must be a detail of one of the other five slides/photographs. If you submit six slides or photographs and one is not a detail, the sixth slide or photograph will not be viewed by the advisory panel. Slides must be suitable for a 35mm carousel and a dot should be placed in the bottom left corner of the slide mount indicating the front and the bottom of the view. With each of the ten grant packets you must include a typed list of the works numbered to correspond with the slides or photographs. This list must include the work title, date completed, dimensions, medium, and other pertinent technical information.

TIPS FOR WRITING YOUR GRANT PROPOSAL

Submitting an Individual Artist Projects (IAP) grant proposal to the Indiana Arts Commission (IAC) means competing with individual artists throughout the state. During the FY2002 grant period 167 artists submitted applications and 67 projects were funded. It is in your best interest to approach the process thoughtfully and follow some basic grant writing strategies that will strengthen your application.

FIRST THINGS FIRST

1. **Check the eligibility requirements – are you eligible to apply?**
2. **What are the project limitations - does your project fit?**
3. **Read the guidelines.**

▪ PLANNING

Think about your project. This can be an exciting part of the process, you are free to dream and explore – anything goes! Grant writing is one step in a larger process. Your application will be stronger if your project is well planned and designed. **Be sure you allow enough time to plan and design your project.**

Here are some questions to consider:

- What do you want to accomplish with this project?
- Why is this project important?
- How will your career benefit from this project?
- How will the public benefit from this project?
- How will you implement the project?
- What is the timetable for the project?
- What resources do you have that will make this project possible?
- What resources do you need?
- What is the budget for this project?
- How will you know if you have been successful?

▪ WRITING

Opportunity vs. challenge

1. Allow yourself plenty of time to write, edit and assemble your grant application.
2. Follow the instructions. This includes submitting the correct number of copies, properly marking your artistic documentation, and attaching documentation in the requested order. Consult the checklist on page 11 of the IAP application.

TWELFTH CENSUS OF

OVERVIEW OF THE INDIVIDUAL ARTIST PROGRAM

WHAT IT IS:

The Individual Artist Projects grant program is designed to support individual artists in all disciplines for specific project-related costs, which will have a positive impact on the artist's career incurred between July 1, 2003 and June 30, 2004.

HOW IT WORKS:

The Indiana Arts Commission (IAC) will convene a panel of Indiana citizens who are knowledgeable in arts and arts management to review and evaluate how well each application addresses the three review criteria – quality of artist's work, impact of the project on the artist's career development, and feasibility of project completion. Panelists will evaluate your artistic documentation (slides, videos, CD, photos, literature, etc.) and application form in order to score each application from 0-100. A minimum score of 80 points is needed for an application to be considered for funding.

HOW TO APPLY:

This packet contains all the necessary forms and instructions. The IAC staff is available to help you with the application process. You are strongly encouraged to consult with staff prior to submitting your application. **Phone: 317-232-1268 E-mail: arts@state.in.us**

STEP 1: Think carefully about the project you are applying for money to complete. Your project must have a significant impact on your career development and you must be able to complete all funded activities between July 1, 2003 and June 30, 2004.

STEP 2: Select the artistic discipline that is appropriate for your project. You may select from: craft, dance, design arts, folk arts, literature, media arts, multi-arts, music, photography, theater or visual arts. You may select only one of the above categories; if you need help deciding which one, contact the IAC staff for advice.

STEP 3: Review the "Selecting Artistic Documentation" section in these guidelines (pages 7-10) and select the works that you are going to submit with your application form. Each discipline category requires a certain type and number of works to be submitted. Keep in mind that the works you submit for the panel to review must have been produced after February 1, 2000. You will want to submit pieces that best convey your creative concepts and technical expertise. The artistic documentation needs to support the selected discipline and should be applicable to the project for which you are requesting funding; if you have questions, contact the IAC staff for advice.

STEP 4: Finalize the application form including attachments and submit your fully completed grant application packet by February 3, 2003. Your application packet must be in the IAC office by 4:30 p.m. EST on that day. Applications received after that time will not be considered for funding. Your application packet will include ten (twelve for visual arts) separate copies of the four-page application form, your current career summary/resume, and an artistic documentation list. In addition to the ten (twelve for visual arts) application copies, you will submit the artistic documentation appropriate to your arts discipline.

YOU'RE DONE! Your application will be reviewed during an open panel meeting in the spring of 2003. We will invite you to attend the panel reviewing your application and encourage you to attend. After the review, applications will be ranked by score and the top applications will receive funding. You will be notified in late June/early July as to whether or not you have been awarded a grant.

Census takers recorded many details including each person's name, address, occupation, relationship to the head of household, race, sex, age at last birthday, marital status, place of birth, parents' place of birth. 3. Concentrate on relaying the "who, what, when, where, why, and how" of your project based on your advance planning. Be concise and specific.
4. Be positive – for instance, use *will* not *would*. Be enthusiastic; emphasize the future, not the past.
5. Be honest – lightly state the negative, turn it into a positive opportunity.
6. Assume that the reader knows nothing about you or your work. Remember that the information in your grant proposal is likely to be the first contact a panelist has with your work.
7. After each narrative statement, ask "so what?" Have you answered the question?
8. Have someone who does not know about your project read your proposal. (They can tell you if you have been clear in what you are trying to say.)
9. Proofread your proposal – including spelling, grammar and arithmetic.
10. Check and re-check your math! These details affect a panelist's perception of how seriously you approach the project.
11. Submit high quality artistic documentation. Include only what is requested.
12. Don't leave anything blank (unless you are told to).
13. Use easy to read type, no smaller than 11-point type.
14. Keep an extra copy of your application and proposal for your records.

- **Submit your application on time. All materials must be delivered to the IAC offices no later than 4:30 p.m. EST on February 1, 2002. Late proposals are not considered.**

All IAC panel meetings are open to the public. If possible, plan to attend the meeting during which your proposal is reviewed. Listen to the critiques of other proposals as well as your own. This is an opportunity to gain valuable insight about the panel process and to use panel comments to improve future proposals.

THREE BASIC STEPS (the condensed version)

2. **Follow the guidelines.**
3. **Meet the deadline.**

ABOUT THE INDIANA ARTS COMMISSION

The Indiana Arts Commission (IAC), a state agency, was established in 1969 to increase the support, awareness, and outreach of the arts in communities across the state. The Commission administers and distributes funds for arts programs and services appropriated by the Indiana General Assembly and the National Endowment for the Arts (NEA).

The agency is governed by a 15-member board of directors appointed to four-year terms by the Governor of the State of Indiana. The Commission holds quarterly business meetings throughout the state; these meetings are open to the general public for observation. A professional staff and over 100 Hoosier volunteers from all walks of life support the Commission's programs and services.

Long-term Goals

The Indiana Arts Commission has three major goals.

1. To fulfill the leadership potential of state government in developing Indiana's arts economy through statewide programs and services.
2. To advance significantly the continuing regional development of the arts and culture in Indiana through the Regional Partner Initiative.
3. To create a new public-private partnership structure to develop the arts and significantly increase public and private resources to the arts.

Grantmaking Philosophy

The Indiana Arts Commission recognizes the importance of public financial support to sustain a wide variety of artistic disciplines and expressions within Indiana. Grants will serve as an incentive for developing and strengthening the capacity of communities to plan and implement quality arts activities. All funding decisions will be made in open processes that meaningfully involve residents in decisions about how state and federal tax dollars will be used to support the arts in each region and statewide.

Conflict of Interest Policy

Board members, staff, and volunteers of the Indiana Arts Commission must declare conflicts of interest which may preclude their impartial participation in decisions concerning state or regional policies, services, or the allocation of statewide or regional arts funding. These individuals cannot participate in related discussions or decisions when a conflict of interest is declared. (For more information, contact the IAC.)

SAMPLE PROJECT DESCRIPTION

Applicant Name: Jane T. Doe

- **Project Description.** Write a brief statement describing your intended proposal. Do NOT continue on additional pages. Answer all six questions (A-F). Be as concise, clear, and brief as possible in your responses. Panelists read many applications. Long rambling narratives are difficult to understand and remember. Panelists are more likely to retain information that summarizes key elements, is clearly presented, and to the point.

A. Describe your project:
The intent of my project is to develop a series of 10 ceramic forms as canvases for illustrating images and stories from my personal visual file. If funded, I will use the Indiana Arts Commission grant to purchase clay, overglazes, and glazes to create these images on 25″ ceramic platters and drawings done with Majolica glaze technique. In the past four years, I have been using the circle/platter as my canvas to tell a personal story. I have always been more comfortable building with clay on clay surfaces, generally developing the surface. Lately, I have had a great interest in trying a "painter's direction" on my clay surfaces. The Majolica technique lends itself to that type of watercolor painting surface, and I find the prospect of moving in this direction a great challenge for me.

B. How do you plan to accomplish the described project and why does it merit funding?
I plan to begin by doing a series of preliminary sketches that will identify the images for the subject matter. These images (which are patterns, floral, botanical and human forms) will be the vehicles used for evoking feelings of elegance, sensuality, and the joy and celebration of life. The technique will involve glazing the large platters with an opaque tin glaze colors. The pieces will be fired to cone 04 multiple times depending on the need, in order to get a rich textural surface. The project merits funding because my approach to this technique will be different than matte individual work in clay. As an artist/educator, I have noticed clay artists are often challenged when working in a "painter's mode" with glazes. It seems the difficulty lies with the ability to handle brushwork in a manner befitting the forms and surfaces of clay. My intent is to approach the project as a painter would approach a canvas and with the tools and materials in hand. I will focus on the grand concept and feelings of expression, making something more meaningful than just a "pretty" plate.

C. How will this project make a difference in your career development? This project will influence my career development because it will provide an interesting and dynamic change in direction from my previous work. It is important to me that I continue exploring and share these results with my students and colleagues. I believe artists should always explore new techniques and build on the next level of their craft. It is also the willingness to take on these types of challenges that may also build an artist's credibility within the field.

SAMPLE PROJECT DESCRIPTION (cont.)

Applicant Name: Jane T. Doe

D. Describe the public benefits of this project; this may include a variety of activities that would include contact with the public. What county(ies) will benefit from the project?
This project will be a culminating effort for my retrospective exhibition "Metamorphosis," in July -December 2003 at the Creative Crafts Center in Muncie, Indiana. I will work with Happy Printing Company in Indianapolis, which has provided me the in-kind service of their graphic artist, to produce brochures about the upcoming exhibit. The public will be able to see through the exhibition and the brochure the many stages an artist goes through as a result of being challenged, as well as the growth and changes that occur over the years with the commitment to one's craft.

E. What are the anticipated outcomes? How will you evaluate the success of this project?
I believe that this project will be highly successful, and this new body of work will be a challenging change in my personal artistic direction. This project is not only exciting on a personal level, but also as a professional educator. The knowledge I will gain will be a great asset to my students as I share this new level of expertise.

I will evaluate the success of "Metamorphosis" by the number of people who attend the exhibit, the number of new commissions I receive from organizations and individuals as a result of viewing my work. I expect to sell more work through the brochure and anticipate expanding the number of galleries who represent me.

F. Project Timeline (your timeline must include detailed information, in addition to a starting and ending date):

Starting Date: July 1, 2003 **Ending Date:** June 30, 2004

July 1-January 1 - Work on ceramic platters
January 1-March 1 - Prepare educational/informational material that accompanies exhibition
March 1-May 1 - Work with Happy Printing's graphic artist to design and lay out brochure
May 1 -June 1 - Meet with curator and arrange pieces for exhibition
June 1-June 30 - Hang pieces and hold information session prior to opening
July 1 - Exhibition opening

On Tuesday, Sept. 2, was the occasion of another very pleasant gathering in the beautiful Hamilton grove, on the banks of the St. Joe, river, northeast of this place. At her request, a number of friends and old time schoolmates of Mrs. Augusta Wolcott, of Orwell, Ohio, met for a reunion. At noon the picnic table was loaded with good things and fifty guests sat down to the feast. More came in the afternoon to enjoy the occasion and by special request W. H. Northrup set his graphaphone going and "Way Down in Old Indiana" was given, after which Rev. Cyrus Alton of Nebraska, gave a talk, telling of many things that happened when he was a little boy and lived but a few rods from where the gathering was being held. He told how his father used to go down the river in his pirogue, to Fort Wayne, to get such necessities as he was unable to produce among the stumps on his land. Mr. Alton well remembered the first wedding he attended, which was that of Horace and Philena Benjamin, father and mother of Mrs. Wolcott, which occurred over half a century ago. A very odd feature of the gathering was that there were six of the old schoolmates present and there is not a year's difference in their ages. Long may these old pioneers live and enjoy the comforts of life which they so richly merit.

WHO WILL CARE FOR MOTHER NOW?

By Chares C. Sawyer.

During the battles of the rebellion, among many other noble fellows that fell, was a young man who had been the only support of an aged and sick mother for years. Hearing the surgeon say that he could not live he placed his hand across his forehead, and, with a trembling voice, said: "Who will care for mother now?"

Obituary.

Carson C. Hadsell, the sixth child of a family of eight born to Elder James and Mary Hadsell, was born at Coburn's Corners, DeKalb Co., Ind., Feb. 11, 1848, and departed this life at his home in Leipsic, Ohio, Sept. 29—1904, aged 56 years, 7 months and 18 days. In the spring of 1874 he was married to Miss Sally Barr of Waterloo, Ind. To this union was born one daughter, Mrs. Bertha Edward of Leipsic, Ohio. Mr. Hadsell taught for twenty-one years in the public schools of this state, Michigan, Iowa and Nebraska. He was a practical printer, having learned the trade on the Waterloo Press, and when not teaching was working at his profession. In early life he united with the Christian church, but upon moving to Leipsic he and his family identified themselves with the Methodist Episcopal church, and he remained a faithful member until his death. His relation to his fellowmen was always characterized by a self-sacrificing spirit. This, with his cheerful disposition, and ready sociability won him many friends. Besides a widow, he leaves a daughter, one grandson, an aged mother, three brothers, two sisters and many other relatives, among whom he will be greatly missed. Funeral services were held at the home in Leipsic, Saturday Oct. 1, at 11:30 o'clock, p. m., conducted by Rev. Carter of the M. E. church. Burial in the cemetery at that place.

Zora Hadsell Dead.

Zora, the 11 year old daughter of C. J. Hadsell, was frightfully burned by the explosion of gasoline last Wednesday morning. She attempted to fill the reservoir of the gasoline stove while it was burning and an explosion followed, setting fire to her clothing, which was burned completely off of her. Mrs. Hadsell, in attempting to extinguish the flames, had her hands burned severely. Medical aid was secured immediately and Miss Zora's sufferings were alleviated as much as possible. She passed away at seven o'clock Thursday evening.

OBITUARY.

Zora Kathryn Hadsell was born at Newville, Ind., June 6, 1895 and died at Coburn's Corners July 19, 1906, at the age of 11 years, 1 month and 13 days.

This life, though short, was full of joy and gladness and was a source of happiness to those by whom surrounded. She was a dutiful and affection[illegible] d and a great joy to [illegible] and [illegible] favors and w[illegible] was a special fa[illegible] his grand children [illegible] life. She leaves a father and mother, one sister, two brothers and three grandparents with a host of other relatives to mourn her early departure.

The funeral services were conducted by Elder Fred Thomas at the Coburntown church, Saturday at four o'clock. She was laid to rest in the Coburntown cemetery. The floral offerings were many and very beautiful.

Roxanne Fike

Dear Roxanne:

With some regret I find it necessary to resign as chairman of the society's publication committee. The board's vote of no confidence in me as the editor of our quarterly publication and its failure to even consult with me, the chairman of the publication committee prior to the changes voted on at your last meeting make it clear that I am not wanted. I am now given to understand we have changed the name of the society's publication, its focus, schedule for distribution without any discussion with the publications committee so it is apparent that I am not needed.

Why? i

I have enjoyed the time I have spent serving the society and personally believe our publication was of quality to revival any society of similar size in the nation. The choice made in a secret session without consideration of all the facts is a mistake and is misguided by the personal bias of select individuals and does fully consider the best needs of the members or the mission of our society.

ENCYCLOPEDIA

GREENBACK PARTY,

in U.S. history, a political party formed in 1875, chiefly by midwestern and southern farmers. The primary aims of the party were the adoption of a new national monetary policy based on bimetallism and federal issuance of paper currency, called greenback, not backed by gold.

The party was organized after the depression of the early 1870s, when the indebtedness of farmers to merchants and banks was rising and prices were declining. The farmers believed that adopting the measures they advocated would result in general prosperity for the nation and would also allow them to pay off their debts and to raise the prices of their products.

The Greenbackers decided on the formation of an independent party late in 1874, after they failed to persuade the Democratic party to adopt their views. The first national convention of the Greenback party was held in Indianapolis, Ind., in 1876, and Peter Cooper, a manufacturer and philanthropist, was nominated for the presidency. Cooper received 81,737 popular votes but no electoral votes in the election held that year. In 1878 the Greenback party was dissolved, and its farmer-members united with workers to form the GREENBACK-LABOR PARTY, (q.v.).

Mrs. Nichols, State President of the Woman's Christian Temperance Union, will address the people of this place on Sunday afternoon, Aug. 1st, at three o'clock. Don't forget it.

There must be a wonderful crop of blackberries up near Rome City, as we heard a gentleman who was up there Tuesday say that on a twig of a bush not much longer than his finger there was 25 blackberries each as big as his thumb. Next!

Henry Shaffer, who lives three miles below Spencerville had fifty dollars stolen from his house one day last week. Mrs. Shaffer was away from home and he was out in the field at work, when the fellow stepped in, helped himself, and went on his way rejoicing. The safest way now days is not to have any money.

A MATRIMONIAL epidemic broke out in the Waterloo schools last week, carrying off two of the teachers, Miss Eva Hadsell and Miss Ella Smith. The happy man in the first case was a Mr. Sheffer, from Ontario, O.; and in the last case it was Mr. C. R. Reed of this place. We understand the teachers will not resign their places until the close of the term.

THE Fort Wayne Gazette is fearful that the council of that city is following in the steps of the Springfield (Ill.) municipal legislature, and that, like that city, Fort Wayne will be without a city government. The Gazette opposed the recent addition of $350,000 to the city debt, for the erection of water works.

AFTER apologizing for making any reference to us at all, C. O. Myers chooses to repeat the infamous lie that Judge Tousley bought the votes of the editors of this paper, when he was a candidate for the Republican Congressional nomination. Myers is unfortunate in his reference to witnesses, as Mr. Kennedy has no recollection of the conversation mentioned. Who is your "unquestionable authority" for the statement? Is it the man whose accounts, as Treasurer of this County, were balanced by an $18,000 robbery?

IN another place will be found the "card' of Insurance agent Philips. He strives to be facetious about men paying their debts before they mature. We beg leave to say to him that there are quite a number of men in town who pay their debts when they are due, and they have a poor opinion of an insurance company which has not adjusted a loss over two months after the fire has occurred. The Niagara's general agent had the manliness at least to say he wouldn't pay, and did not go to haggling about the technicalities in his policy.

A LETTER has been received by the editor from Hopkins, he of the finances, which we would like to publish, as it is shorter than the writer's usual efforts; but should we do so, it would become necessary for us to provide an interpreter, to explain just what the "drift" of the letter is. Hopkins wanders from the Darwinian theory to the late slaves and the auction block, all in the same sentences, in a manner terribly confusing to the ordinary mind; and then winds up by quoting the remark we applied to him last week, to the effect that it was strange that his friends did not seek to confine him in a lunatic asylum.

A COUNTY cotemporary comes out in favor of having the next Legislature reduce our Judical Circuit, in order that the dockets may be cleared of the large number of cases which have accumulated. This will be a necessity, provided things are to go on as they have for some months; but is there not some hope that the people will eventually learn that over half of this litigation is worse than useless? Every term our Courts are burdened with cases that amount to nothing in the end; and it does seem to us that in many cases the parties should have known they would end in failure, when they commenced proceedings. Is there not hope that some day people will quit going to law, just for the fun of the thing?

MR. EDITOR:—I trust you will permit me to say, to those interested in the insurance business, that the sixty days have not expired in which to pay the Kelley loss, as you stated in your last issue, as any one will see by examining the policy, covering the risk, which states in plain terms that the loss shall be paid in 60 days after the proofs of the same, required by the company, shall have been made by the assured and received at this office, and the loss shall have been ascertained, in accordance with the terms of this policy. Now, while it is true that Mr. Kelley's mill burned January 10th, he did not make out his proofs of the loss until February 29th following, therefore it is not true that the 60 days are up. One would be almost led to suppose judging from the clamor that has been made over the company not paying the Kelley loss, that almost every man in Waterloo was in the habit of paying his own obligations long before they matured. It is well known that Kelley was carrying $8,500 on his half of the mill, and that he does not claim a loss to that amount, therefore how can the company know its liability, until furnished with proper data by Mr. Kelley. I received a letter from Eugene Cary, of Chicago, manager of the western department, in which he informs me that the company will do just right in the matter, as soon as the real loss can be ascertained.

THE Circuit Court closed a term of three weeks on Saturday. The latter half of the last week was almost entirely consumed in hearing the slander case, from Fairfield township, and while the jury was consulting upon a verdict in the first case, the complainant withdrew and voluntarily dismissed all three of the cases. Through the courtesy of Clerk Moss we are enabled to give the following table showing the condition of business:

Criminal.	On the Docket,	16
	Disposed of	15
	Remaining on Docket,	1
Civil.	On the Docket,	318
	Disposed of,	122
	Remaining on docket,	196
Probate...	On the Docket,	229
	Disposed of,	117
	Remaining on Docket,	112

While the civil docket is badly behind, the criminal was practically cleared, and more probate business was transacted than at any previous term of the Court. Thomas Jones, charged with larceny, was released on his own recognizance, and the jail is now empty, Sheriff Meese having on Monday taken Stiles, Grey and Weir to the penitentiary at Michigan City.

A FEW days after the granting of license in LaGrange county, a druggist in the town of LaGrange found, on getting up, the following legend pasted to his door:

"Dead Broke,
Custom Gone,
Too many Saloons."

"Friends and relatives of Dr. and Mrs. Sheffer stole a march on them last Sunday, and while they were at church and Bible School filled their house to the number of about foury-seven, to celebrate with them the fiftieth anniversary of their wedding. They were maried fifty years ago the 16th day of March at Waterloo, Indiana, where the bride was teaching school. They were married at the residence of the bride's mother, by Myron A. Gleeson, a Disciple minister of that place.
The guests came with well filled baskets and the tables literally groaned with the many good things of life from which all partook freely and left the tables apparently little relieved of their burdens.
The afternoon was spent in social converse and visiting. In the late afternoon the visitors left with happy congratulations and many beautiful memontos to remind the happy couple of the day. They were pleasantly surprised and take this opportunity to thank all those who were instrumental in bringing about this happy event.
Those present from out of town were, W. K. Sheffer, an only brother of the Doctor. S. E. sheffer and wife and R. W. WHAT HAPPENED TO BARTONS PROPERTY IN ST JOE: Barton and Eva were all the above living in St. Joe on School Street.

1931 DEATH of Barton: Indiana, DeKalb Co., Concord Township, St. Joe; 05 June 1931.
Obituary: St. Joe News, 8 January 1931: Sheffer
Barton S. Sheffer, son of Adam and Rachel Sheffer, was born in Morrow County, Ohio, June 8, 1847, and died in ST. Joe, Indiana, January 5, 1931, aged 82 years, 6 months and 27 days. He was one of six children, none of whom is now living.
He was united in marriage with Eva S. Hadsell, at Waterloo, Indiana, March 16, 1876. to this union were born three children: Lina S., deceased, Ray H., deceased, and Craig, of St. Joe, Indiana. There are also three grandchildren.
Mr. Sheffer's special training was in medicine. He began, as then was the custom, by reading under a practicing physician, and later entered Western University, from which institution he graduated with the class of 1877.
After graduation he began the practice of medicine in Antwerp, Ohio, then at Kendallville, Indiana, and about the year 1884 he came to St. Joe, where the major part of his life work was done. In all of these places the Doctor's professional ability was recognized, and he always was ranked well among his fellow doctors in the county and state.
In church relation Dr. Sheffer first affiliated with the Baptists. His first public profession of faith was made under the ministry of the Rev. Dr. Earl of London, England, who was then conductiing services in Cleveland, Ohio, where the Doctor was a university student. He united with the Church of Christ in Kendallville, Indiana, and after locating in St. Joe became a charter member of the Church of Christ, contributing generously of his time, talent and means to the establishment of the Deciples' cause in that village. During active life Dr. Sheffer's Christian influence extended all over DeKalb County. He has been officially connected with the local church since its founding. He was also a charter member of the Knights of Pythias Lodge, No. 400.
The Doctor was a fine community spirit. He was always interested in good things being done. He was very domacratic in spirit, touching a wide range of life helpfully. His life has been a rich contribution to St. Joe. He waited long at the threshold that we might the better evaluate his life.
The funeral services were conducted from the St. Joe church of Christ on Wednesday afternoon with Rev. J. N. Scholes officiating. Burial in Alton Cemetery east of St. Joe. E. R. Kinsey in charge."

The minister, H. K. Schondelmayer, paid her tribute in a well chosen address, at the close of which he presented her a hugh]huge] basket
of flowers, given by her Sunday School class, "The Loyal Workers."
A solo, "Face to Face" a favorite of Mrs. Sheffer's, was sung by Mark Williams, and a copy of the Charter was read by Mrs. Meade Baker. The following names were signed to the Charter, forty-eight

years ago:
Joshua M. Lounsberry, Mrs. Ava Lounsberry, E. M. Vollmar, R. K. McDonald, Annie M. McDonnald, Mr. and Mrs. Alex Filley, B. S. Sheffer, Eva S. Sheffer, Emma Haret, Mr. and Mrs. Jared Irwin, Chas. Coburn and Miss Emma Tustison."

1937 DEATH of Eva, 16 February: Indiana, DeKalb Co., Concord Township, St. Joe
Obituary: St. Joe News, 25 February 1937, page 3, columns 1, 2, 3
Mortuary: Sheffer
"Mrs. Eva S. Sheffer, nee Hadsell, was born December 17, 1850and died at her residence in St. Joe, Indiana, February 16, 1937, beign 86 years, 11 months and 29 days old. She was the daughter of Elder James Hadsell, a minister of note and his wife, Mary. Mrs. Sheffer is the last one of their children to die, as she is also the last one of her own family to enter into final rest.
The deceased became the wife of Dr. B. S. Sheffer, with whom she fully shared fortunes until his death, which occured but a few years ago. to this union were born three children: Lina, who became the wife of John Knight; Ray, who died many years ago; Craig, who was for a long time a citizen of St. Joe. All of the children are dead. Three grandchildren survive; Mrs. Dorothy Hammond (sic), Waterloo, Indiana, Mrs. Evelyn Schaffer (sic), Ft. Wayne, Indiana, and Basil Sheffer, of St. Joe, also one grandchild. [should say great-grandchild, Dorothy's son, Brian Hamman]
Mrs. Sheffer early became a public school teacher, attained to high standing among teachers of that time, and maintained an intelligent interest in educational matters throughout her entire life.
She and the Doctor became early citizens of St. Joe, where they were earnest supporters of every good movement.
At a very early time in her life, doubless under the tuition of her parents. Mrs. Sheffer became obedient to the gospel, and her Christian faith, and service remained the chief thing in her home and community life until the close.
Funeral services for Mrs. Sheffer were held from the Christian Church Thursday afternoon. J. N. Scholes, officiating. Burial in Alton Cemetery."
Tribute To Mrs. Eva Hadsell Sheffer
"In the passing of Mrs. Eva Sheffer, for over fifty years a charter member of the St. Joe church of Christ, the church and Bible School of her affiliation feel keenly the loss of one whose consistent faith and loyal services can well be pointed to as exemplary attributes of a long and useful life.
Of unquestionable integrity in her implicit fraity, plan of speech, and, by her own admission, "not exempt from human errors" her generous and untireing Christian labor remained an unruffled calm, as she allowed no petty enmities to become rooted along the patway of her long walk through life.
Much is due our couragious pioneers of religious labor and all who profit most by this sterling example of Christian consistency, mourn deeply the passing of Mrs. Eva Sheffer.

Aged Lady Passes Away.

On Tuesday morning Mrs. Mary Hadsell an aged citizen of this place passed quietly away at the advanced age of 94 years. Mrs. Hadsell was the wife of James Hadsell a famous pioneer preacher of early times. The funeral will take place at the Coburn Corner church on Thursday afternoon at 2 o'clock. Rev. L. L. Carpenter of Wabash Indiana officiating.

HADSELL

Mary A. Abel daughter of Daniel and Sally Root Abel was born in Trumble county Ohio, Aug. 21. 1813, and departed this life at the home of her son C. J. Hadsell, Hicksville, Ohio, Feb. 11, 1908. Aged 94 years, 5 months, 20 days. She was united in marriage to Elder James Hadsall, March 12th 1835 who preceded her to the eternal home March 6th 1876.

To this union was born six sons and four daughters, eight of whom grew to manhood and womanhood, two having died in infance.

On Sep. 1836 she came with her husband and others to Coburn's Corners cheerfully taking up the duties and bravely facing the hardships and dangers incident to life in a new country. She worked early and late to meet the demand of her growing family and her household cares. In addition to these duties, the frequent absence of her husband, whose calling as a teacher and minister of the gospel, often took him from home, leaving the work of the farm and management of the family to her care, which part she bore willingly and cheerfully.

She united with the Church of Christ at Coburns Corners soon after its organization and lived an earnest and faithful christian life until the end. She leaves to mourn her departure three sons and two daughters, thirty-one grand children, forty-three great-grand children and one great-great-grand child, and an innumerable host of friends. What a beautiful stream of light lingers after a great soul has passed beyond into life, for, "I am come that ye might have life."

MRS. M. J. HADSALL

Mrs. M. J. Hadsell, who for many weeks has been a patient sufferer at her home on Tight street, on Thursday last passed from earth's trials and pains into the unknown country. She had scarcely reached the meridian of her life until the silver cord was loosed, the golden bowl broken and a busy and useful career ended. In the passing of Mrs. Hadsell the world has lost a noble character, the church an active supporter and the community an upright, christian lady.

Emma May Hakes was born in Paulding, Ohio, May 11, 1867. Departed this life August 29, 1907, at the age of 40 years, 3 months and 18 days. She was united im marriage with Marshal Hadsell, October 3, 1889. She leaves a husband, two children, a large number of relatives and a multitude of friends to mourn her departure. Early in life Mrs. Hadsell became a teacher in the public schools, a position she was well qualified to fill, and much of her time of recent years has been devoted to musical instruction. Some over a year ago the family moved to Peru, Indiana, where Mrs. Hadsell was stricken with the disease which terminated fatally.

Funeral services were conducted from the Christian church Saturday afternoon by Rev. F. C. Lake, assisted by Rev. H. H. Devoe, of Peru, Indiana, Mrs. Hadsell's pastor in that city. Interment at Coburntown cemetery.

It is marketed as a whitener because of its abrasive properties in some toothpaste brands.

As a cleaning agent

A paste from baking soda can be very effective when used in cleaning and scrubbing.

A solution in warm water will remove the tarnish from silver when the silver is in contact with a piece of aluminum foil[2].

With water, it cleans the impurities on contact lenses. Rinse completely before wearing contacts to avoid stinging residue.

Cleans brushes and combs to prevent residues.

Use to clean juice, wine, and coffee stains.

Pouring 1 cup of baking soda down a drain and following with 1/2 gallon of vinegar will degrease the drain.

Other uses

It is used as a fabric softener in laundry.

It is used to test garden soil for acidity. If it bubbles, the soil is too acidic.

Sodium bicarbonate has been used as a performance enhancer for sprinters, by countering build up of lactate through induced metabolic alkalosis.[citation needed]

If mixed with super glue, it makes a suitable filling for cracks in walls.

Baking soda can be used as a low-cost alternative to raise pH in swimming pools.[3]

Combined with cocaine to make crack cocaine.

As a desiccant, sprinkle on wet pages of books and then put them out to dry under the sun.

Sodium bicarbonate is used in BC Dry Chemical fire extinguishers as an alternative to the corrosive ammonium phosphate in ABC extinguishers. The alkali nature of Sodium Bicarbonate makes it the only dry powder, excluding Purple-K, agent allowed for use on commercial deep fat fryers, the agent forms a crust over the surface similar to the effects of a wet chemical.

Sodium bicarbonate is often used in the pharmaceutical industry as an additive to cell culture media. It acts as a weak buffer.

[edit] Safety

Sodium bicarbonate is considered to be relatively safe, however consumption of large amounts should be avoided. See MSDS.

Sodium bicarbonate - Wikipedia, the free encyclopedia• Ten things you didn't know about Wikipedia • Sodium bicarbonate

Sodium bicarbonate is the chemical compound with the formula NaHCO3. Because it has long been known and is widely used, the salt has many other names including sodium hydrogencarbonate, sodium bicarb, baking soda, bread soda, cooking soda, bicarb soda, saleratus or bicarbonate of soda. It is soluble in water. Sodium bicarbonate is a white solid that is crystalline but often appears as a fine powder. It has a slight alkaline taste resembling that of sodium carbonate. It is a component of the mineral natron and is found dissolved in many mineral springs. The natural mineral form is known as nahcolite. It is also produced a

Commercial quantities of baking soda are also produced by this method: soda ash, mined in the form of the ore trona, is dissolved in water and treated with carbon dioxide. Sodium bicarbonate precipitates as a solid from this method:

Sodium bicarbonate is primarily used in cooking (baking) where it reacts with other components to release carbon dioxide, that helps dough "rise." The acidic compounds that induce this reaction include cream of tartar, lemon juice, yogurt, etc. Some forms of baking powder contain sodium bicarbonate combined with cream of tartar.

A small amount can be added to a beef stew to make tough meat tenderize faster.

Sodium bicarbonate is used to give pretzels their dark brown color.[citation needed]

Was formerly used as a source of carbon dioxide for soda water.

Can be used when preparing tomato sauce to neutralize the tomato's acidity.

It is added to beans in water to prevent flatulence produced by digesting them.

It is effective in extinguishing grease fires which may occur when deep frying.

In Thailand, soaking insects in baking soda for three to five hours prior to cooking produces a sweeter, more mushroom-like taste in the finished cuisine.[citation needed]

[edit] For neutralization of acids

The reaction of acids with sodium bicarbonate is a common method for neutralizing acid spills. The advantage to this method is that one can use

excess sodium carbonate, which is relatively innocuous. The neutralization process is signaled by the release of gaseous CO2. A wide variety of applications follow from its neutralization properties including ameliorating the effects of white phosphorus in incendiary bullets, from spreading inside a soldier's afflicted wounds. Military Application

It is commonly used to increase the pH and total alkalinity of the water for pools and spas. Sodium bicarbonate can be added as a simple solution for restoring the pH balance of water that has a high level of chlorine.

It is sometimes used in septic tanks to control pH and bacteria.

It neutralizes battery acid (H2SO4):

2 NaHCO3 + H2SO4 —> Na2SO4 + 2 H2O + 2 CO2

[edit] Miscellaneous and domestic uses

Baking soda has many uses. [1]

As a deodorizer

An absorbent for moisture and odors e.g; an open box can be left in a refrigerator for this purpose. However, according to one source, baking soda does not actually absorb odors well when used in a refrigerator.

To help relieve itching due to bacterial infections

As pest control

It may be used to kill fleas, ants, and other insect pests; the powder abrades their exoskeletons. If it is applied to a pet's fur, it should be rinsed off to prevent skin problems.

Can be used to kill crab grass. Must be used repeatedly to control but is effective. Dampen area then sprinkle lightly, too much may harm desired grass temporarily.

Medical uses

It is used as an antacid to treat acid indigestion and heartburn.

Mixed with water and drunk, it can relieve cystitis.

Mixed with water in a 10% solution can soften earwax for removal.

In paramedicine, sodium bicarbonate 7.9% is administered intravenously for cases of acidosis and overdoses of acidic toxic substances, such as tricyclic antidepressants and aspirin.

Adverse reactions to emergency administration include congestive heart failure, with edema secondary to sodium overload, and the metabolic complication of hyperosmolarity, metabolic acidosis, and hypernatremia.

Aids in itch relief from poison ivy rashes.

Added to a bath or made into a paste it can be used to relieve the itching caused by chicken pox.

For local injections of anesthetics subdermally or subcutaneously, it may be added to lessen the burning sensation of the anesthetic to the patient. For example. 9 milliliters of lidocaine mixed with 1 milliliter of sodium bicarb in a 10 cc syringe will greatly lessen the feeling of burning, pressure and overall pain from the injection.

Relieves mosquito bites and bee stings (but not wasp stings).

Cosmetic uses

germs given forth by dead and decomposed fish. If that is the case, and they did not take life in the form of a June fly, these germs would no doubt develope into some dreadful disease. That being true they may be considered as a blessing rather than a curse.

Echoes of The 4th

The Fourth of July was pretty warm at Butler and the effects have not entirely died out. Marshall Lowe ordered that no fireworks of any kind should be used in the city. In the evening the boys got together with their fireworks and commenced a real celebration. The marshall made an attempt to stop it and the boys proceeded to shoot them at him until he was compelled to give it up. Two gangs were organized one in the north and one in the south end of town. As soon as Lowe would make his appearance at one end the work would open at the other thus keeping him in hot water, all evening. The next day the boys were brought up and an arrest caused and some of the citizens interfered and had Lowe arrested. The arshall demanded a jury trial and ter two hours deliberation the jury announced that they were "hung". It is understood that the vote stood 10 to 2 for conviction.

Is Settled By Jury

The case between Lewis Blair and D. J. Baker, administrator of the Frank Draggoo estate, came to a close ast Friday. It will be remembered hat trouble was caused by Mr. Blair, e claiming that Frank had given him wo colts that were on the farm at he time of his death. At the time he stock and goods were appraised o claim on the colts was made by Mr. Blair. Later he tried to tell Mr. Baker how that the colts were no onger property of the estate but that e had the ownership of the animals. ome trouble was the result and the ase was brought before the jury and ed last Thursday and Friday, the ry deciding that Mr. Blair had no ust claim on the colts whatever. Mr. aker will have the colts, buggy and arness to dispose of.

Potato Bug Destroyer

Farmers in Elkhart county are elated over the discovery of what they believe to be the certain destroyer of the potatoe bug. A bug with variegated rings in size slightly smaller than the potatoe bug has made its appearance in the potatoe patches west of Goshen, and the new arrivals are waging war on the potato bug. Moving from one plant to another the new arrivals make short work of the potato bug, eating them quickly and not leaving a single one on the plant.

Mrs. Hadsell Very Ill

Margarett

Word from Mrs. Marshall Hadsell of Aurora, Mo., states that her condition is serious and that she is suffering from cancer, the attending physicians giving her no hopes whatever. It will be remembered that Mr. and Mrs. Hadsell spent the summer two years ago in Auburn occupying rooms on West Seventh street, and her acquaintances and friends in the county will learn with deep regret of her condition. Mr. Hadsell was a former resident of St. Joe.—Dispatch.

Big Doings Sat. Evening

St. Joe will be a busy place Saturday night. The services of the Baker Drum Corps has been secured in addition to the regular band concert and music will be had for further orders. Don't fail to make your appearance and enjoy the music. Everybody come to St. Joe Saturday night.

Children's Enemy

The season has arrived when cholera infantum, the deadly enemy of the children, is abroad and unless some precaution is taken there may be some saddened homes. Auburn has lost one little child with the deadly disease. No reports have been made in this territory.

To Join Surveyors

Dale Widney left Monday for Spokane, Washington, and after spending a few days there he will go to Missoula, Montana, where he will join a surveying party and work on the building of a line for the Chicago & Milwaukee R. R. Dale had been with the same company before coming home from the west. He will arrive at his destination today sometime.

Light for The Band

The street lighting question is being considered by our people and if nothing happens we are told that a lamp will be here for Saturday night. However it is not sure for this week. If the light gives satisfaction undoubtedly four of them will be purchased. It is necessary that good lights be secured for the band concerts.

Dies in a Hospital

Mrs. Sallie Hadsell, of Turner, Mo., who had been a patient in the Springfield hospital for two weeks suffering from tubercular peritonitis, died at 8 p. m. on Tuesday, Nov. 12. She was a widow 51 years of age. The remains were taken to Turner for interment.

A Des Moines man had an attack of muscular rhematism in his shoulder. A friend advised him to go to Hot Springs; that meant an expense of $150 or more. He sought a quicker and cheaper way to cure it, finding it in Chamberlain's Liniment. Three days after the first application of this liniment, he was well. For sale by all dealers.

An Appreciation.

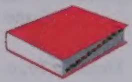
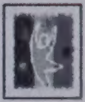
THEATER

Includes projects related to playwriting, the development of drama, the support of theater artists, and the production of quality theater.

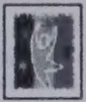




Documentation requirements: Playwrights should submit ten identical copies of 10 pages of work. The work should be typed or computer-generated (8.5”x11” paper) with one-inch margins. All pages must be numbered, double-spaced and no smaller than 11-point type. If possible, provide a scene from the work versus random selections of work. If applicable, include one copy of a cued 1/2” VHS-videotape or a set of five photographs (8”x10” or 5”x7”) from productions with examples of set design, costumes, blocking, etc. With each of the ten grant packets you must include a short paragraph describing the scene submitted as documentation and clearly identifying the artist’s role in the production.

VISUAL ARTS

Includes projects by visual artists working in a wide variety of media including: drawing, painting, printmaking, sculpture, mixed media, 2-D and 3-D installations, and experimental works.



Documentation requirements: Submit six numbered 35mm slides or photographs (8”x10” or 5”x7”). One of the six slides/photographs must be a detail of one of the other five slides/photographs. If you submit six slides or photographs and one is not a detail, the sixth slide or photograph will not be viewed by the advisory panel. Slides must be suitable for a 35mm carousel and a dot should be placed in the bottom left corner of the slide mount indicating the front and the bottom of the view. With each of the twelve grant packets you must include a typed list of the works numbered to correspond with the slides or photographs. This list must include the work title, date completed, dimensions, medium, and other pertinent technical information.

Notification that we have received your grant application

We will be happy to notify you once we have received your grant application in our office. You will need to complete the Application Acknowledgement Postcard located on the back cover of this publication. Cut out and address the postcard, affix proper postage, and paperclip it to the top application set. If you choose not to include the postcard when you submit your application, you will not be notified. Because of the volume of applications we will be receiving, we ask that you do not contact the IAC office about the status of your application.

Return of artistic documentation

A self-addressed, stamped envelope (SASE) of appropriate size with correct postage MUST accompany the application packet if the original documentation is to be returned by mail to the applicant. Artistic documentation will not be returned by mail if the SASE is not included.

Every effort will be made to properly care for the material submitted. However, the IAC is not responsible for loss or damage to material. Visual and audio material should be submitted in protective packaging, and applicants should provide protective packing for return shipment.

Commission action

Following each panel meeting, IAC staff will use a Commission-approved normalization formula that will eliminate, as much as possible, any scoring discrepancies between the different advisory panels. Applications will be ranked by score and the top applications will receive funding.

The Indiana Arts Commission will review and ratify all FY2004 funding recommendations at its June 2003 business meeting. Commission meetings are open to the public for observation and may be recorded.

Reconsideration policy and appeal process

The reconsideration process is designed to review the **method** and **fairness** of the IAC decision concerning a grant application. This process is not intended to impose a different panel's choices/judgment over the original panel's decision. Dissatisfaction with the denial of a grant or the amount of an award is not sufficient reason for an appeal.

Applicants may request reconsideration of a funding decision if the applicant can demonstrate:

1. the panel or review team used criteria other than the criteria published in the grant guidelines; and/or
2. there was influence by an IAC staff person or IAC volunteer panelist having a conflict of interest; and/or
3. required information submitted by the applicant was withheld from consideration.

Applicants must send a formal letter to the Executive Director of the IAC stating the reasons for reconsideration based on one or more of the three points above, and evidence of the grounds for the appeal. The letter must be received in the IAC office within 30 days of notification of the IAC grant award in question. An appeals committee, appointed by the IAC Chair, will review all requests for appeal and make recommendations to the full Commission at its next business meeting. All decisions of the Commission are final and may not be appealed further.

HOW TO COMPLETE AND SUBMIT AN APPLICATION

Getting started

Please read the entire guidelines, instructions, and application packet before beginning. If you are unsure about the discipline category appropriate for your project, or have other questions, please contact the IAC for assistance either by phone at 317-232-1268 or by e-mail at arts@state.in.us.

Completing the form on your computer

You may download either the Adobe Acrobat or Microsoft Word for Windows version of the guidelines and application form from the IAC website at www.in.gov/arts. You may also request a diskette or e-mail version of the Microsoft Word for Windows guidelines and application form by calling or e-mailing the IAC at jdehart@iac.state.in.us.

APPLICATION REVIEW PROCESS

Advisory panel review

The Indiana Arts Commission has established an advisory panel process to assist in its evaluation of grant applications. Panels appointed by the Arts Commission will be composed of Hoosiers who are experienced artists or knowledgeable in the arts and/or arts management. The IAC strives to balance advisory panel composition with consideration to race, gender, regional representation, special needs, and arts discipline.

Advisory panels will be convened in the spring of 2003. Panel meetings are open to the public for observation and may be recorded. **Applicants will be invited and are encouraged to attend.** Applicants cannot "lobby" panelists on behalf of their applications before, during, or after the panel meeting. Applicants who do not attend the panel session and want to know how their grant was reviewed must call the IAC staff and make an appointment to review advisory panelists' written and taped comments in the IAC office. Due to the volume of applications received, these comments will not be sent to applicants.

How proposals are evaluated

Panelists review all applications and evaluate how well each one fulfills the three review criteria (quality of artist's work, impact of the project on the artist's career development, and feasibility of project completion). A minimum score of 80 points is needed for an application to be considered for funding.

QUALITY OF ARTIST'S WORK (up to 25 points)

- Demonstrated artistic ability
- Professional activity as evidenced by support materials and career summary
- Artistic documentation for designated discipline is easy to understand and interpret

IMPACT OF THE PROPOSAL ON THE ARTIST'S CAREER DEVELOPMENT (up to 40 points)

- Impact of project on artist's career development is clearly defined
- Public benefit of the artist's project is clearly defined and is appropriate
- Evidence of a successful history based on artist's previous work

FEASIBILITY OF PROJECT COMPLETION (up to 35 points)

- Goals and objectives of proposed activities are clearly explained (why proposal merits funding)
- Implementation steps are clearly explained and sufficient details are provided in the project timeline.
- Proposal completion date appears to be reasonable
- Estimated expenses and budget appear to be reasonable
- Overall quality of submitted application and support materials

The Fusion Party was the original name for the Republican Party in Ohio. The Fusion Party was formed in 1854. Many Ohioans opposed the Kansas-Nebraska Act of 1854. This legislation allowed the Kansas and Nebraska territorial legislatures to decide whether or not to permit slavery within the borders of their respective territories. Kansas and Nebraska were part of the Louisiana Purchase of 1803. The Missouri Compromise of 1820 stated that slavery was to be illegal in both Kansas and Nebraska. The Kansas-Nebraska Act set aside the Missouri Compromise and allowed for the extension of slavery.

Many Ohioans opposed slavery. Even more Ohioans did not want to compete with slave owners for land in the West. As a result of this dislike for slavery and the potential extension of the institution under the Kansas-Nebraska Act, several people met at a state convention on July 13, 1854. The abolitionists in attendance hoped that the conventioneers would condemn the Fugitive Slave Law of 1850. However, a majority of participants were more concerned with slavery's potential extension into Kansas and Nebraska. The delegates demanded that all future states admitted to the United States had to be free states.

Numerous other states in the United States held similar conventions during this period. Many of the participants in these other conventions adopted the name Republican to identify themselves. Ohio's conventioneers failed to adopt this name. Instead, they become known as Fusionists. The name was given to them by their opponents, because the meeting's participants were a fusion of people from numerous different political backgrounds. Many of the participants were members of the Free Soil Party, the Conscience Whig Party, and the Know-Nothing Party. A number of members of the Democratic Party opposed to slavery's expansion also joined the Fusion Party.

The Fusionists made major gains in the election of 1854. In 1855, the party's delegates met in Columbus to select a candidate for governor. It was at this convention that the Fusion Party formally became the Republican Party in Ohio.

The Fusion Party was the original name of the Republican Party in the state of Ohio. In 1854, anti-slavery parties were forming in many northern states in opposition to the Kansas Nebraska Act of 1854. While many of these state parties adopted the name "Republican", the Ohio convention adopted the name "Fusionist" or "Fusion Party", which they felt more accurately described the fusion of person from a variety of political backgrounds, including members of the Free Soil Party, the Conscience Whig Party, the Know-Nothing Party, as well as members of the Democratic Party who were opposed to slavery.

tangible effect of preservation to consider. Preservation is a significant economic tool in the revitalization of blighted neighborhoods and declining commercial downtowns. Stabilizing properties in neighborhoods and business districts reduces vacancy, vandalism, and crime. Economic development through preservation slows urban sprawl, conserves prime agricultural land, promotes job creation, and increases the local tax base. In short, preservation also contributes to sustaining the economic lifeblood of our communities.

The second half was fast with Edgerton getting the best of the bricks bringing the game to a 32 to 16 close. Beams led St. Joe scores, having made 4 field and 3 foul throws. Edgerton returns the game here on next Saturday eve, January 5th.

Mr. Hadsell's parents settled in the Coburntown neighborhood in 1837. After his father's death, Mr. Hadsell and his mother located on a farm in the vicinity and Mr. Hadsell engaged in the tile business with Joseph Shull.

Later he disposed of his business and bought a farm near Newville and then later located near Hicksville in order to have educational advantages for his children.

He leaves his widow, who was a sister of Dr. Charles Reign Scoville, noted evangelist; three sons, Van Hadsell, near Ney; Reign Hadsell, a teacher in Dover high school, and De Loss Hadsell, a student in a school of metalurgy at Houghton, Mich.; and a daughter, Miss Laura Hadsell, a teacher at Cincinnati.

The funeral of Mr. Hadsell, who was well-known throughout this vicinity, was held Wednesday at 10:30 A. M. at the Church of Christ, Hicksville, Ohio, with Dr. S. Brewster, pastor, officiating. Burial was made in the Alton cemetery.

The Best RESOLUTION

By Katherine Edelman

FOR several days Billy Gibson had been racking his brain to find a rattling good resolution to make for the New Year. He wanted something that would be different; something that, while difficult, would not be at all hard to keep. He counted over and over again the list of resolutions he knew—all of them good enough in their way—but none of them seemed to be just the thing that he wanted. There surely must be some one resolution that would combine in it all that he wanted to do. But on the last night of the old year as he went to sleep he was as far from finding it as ever.

Unconsciously he drifted into sleep, then crashing upon the night came the sounds of welcome to the New Year. Billy was now wide awake and the first thing he thought of was the resolution still unmade. "What would it be?" he asked himself. He must decide on something and at once. Suddenly into Billy's mind there came the thought of a little verse that his mother had taught him in childhood:

"So many kinds, so many creeds.
So many ways that wind and wind,
When just the art of being kind
Is all the old world needs."

Reverently he repeated the four

AROUND REHOBOTH

It seems that bad colds and the flu have been giving a number of the folks around here a rather bad time of it for some time now.

A good many of the people hereabout have been scanning the sky for the sight of an airplane, but when one cannot be sighted they just happen to remember that what they hear is just the motor on a dredge that is working on a ditch that starts on the old Jim Bishop place, or what is now ex-sheriff Wm. Morr's farm, and will end on Mr. Hindman's farm about 1½ miles west.

A number of men around here are now working at the Auburn Auto Co. This makes it rather nice for the fellow that wants a winter job to help make ends meet. But this same company sure has some system in use with their employes it seems that it is the only place or factory in Auburn that is using a very large number of men and there are so many men anxious for work that there is no trouble to get them when wanted, so the company does not hesitate to tell the employes that they are not needed for the balance of a day, even if they have only worked an hour or two. But with all that they gave every one a five dollar bill as a Christmas present.

CONCORD

Dan Morr is reported some better at the home of his daughter, Mrs. Howard Krise.

Roy Keller's family is nearly all down with the flu. So many around are sick, hardly a home escaping the epidemic.

Ford Jackson and wife entertained at Christmas dinner Mr. and Mrs. Less Sebring, Floyd Farver and family, Holl Jackson and wife, and Bert Jackson, Carl Perkins and wife, and Mrs. Cath-

the proud parents of a boy baby, name, Virgil Jr.

Mrs. Ella Baker, of Auburn, is reported in a serious condition, influenza and heart trouble taking a double grip on her. Her Concord friends will be pleased to hear of her speedy recovery.

The Independents went to Edgerton on last Friday evening where they played the A. C's. Because of business arrangements some of the regular team could not go. Pete Beams of Spencerville was substituted instead of Lloyd Curle.

The game was clean throughout. The first half had Edgerton guessing where and how. In spite of the fact that Edgerton was on their own floor, St. Joe succeeded in ending the half 14 to 11.

The second half was fast with Edgerton getting the best of the bricks bringing the game to a 32 to 16 close. Beams led St. Joe scores, having made 4 field and 3 foul throws. Edgerton returns the game here on next Saturday eve, January 5th.

OBITUARY

C. J. Hadsell, 75, youngest son of the late Rev. and Mrs. James Hadsell, pioneers of Coburntown neighborhood, died at noon Sunday at his farm home a mile north

to complications.

Mr. Hadsell's parents settled in the Coburntown neighborhood in 1837. After his father's death, Mr. Hadsell and his mother located on a farm in the vicinity and Mr. Hadsell engaged in the tile business with Joseph Shull.

Later he disposed of his business and bought a farm near Newville and then later located near Hicksville in order to have educational advantages for his children.

He leaves his widow, who was a sister of Dr. Charles Reign Scoville, noted evangelist; three sons, Van Hadsell, near Ney; Reign Hadsell, a teacher in Dover high school, and De Loss Hadsell, a student in a school of metalurgy at Houghton, Mich.; and a daughter, Miss Laura Hadsell, a teacher at Cincinnati.

The funeral of Mr. Hadsell, who was well-known throughout this vicinity, was held Wednesday at 10:30 A. M. at the Church of Christ, Hicksville, Ohio, with Dr. S. Brewster, pastor, officiating. Burial was made in the Alton cemetery.

MAKE VISIT TO COUNTY FARM

Sixteen members of the Concord Christian Endeavor Society journeyed to the DeKalb County Farm last Sunday afternoon to render a program and distribute treats to those who are there. Needless to say that the society was graciously met and entertained by "Mack."

The following program was given:

Song ....Oh Happy Day.
Prayer ....Mrs. Harriet Draggoo.
Song ....Rock of Ages.
Scripture Lesson...Paul Fetters.
Talk ....Rev. McKnight.
Solo, "In the Garden" ....
..................Laura Kellar.
Reading, "The Dutchman's Christmas" ...Dorothy Fetters.
Songs, Joy to the World and Leaning on the Everlasting Arms.

After the program a treat of apples and oranges was given to all.

Then "Mack" took the society through the building showing and explaining the home which was a real education. The county can be justly proud of the work which Mr. and Mrs. Leighty are doing for it is a real home to the unfortunate, infirm and aged.

CAUGHT AND FINED

Vernon Lipe, of near Spencerville, was fined $10 and costs and sentenced to 15 days in the Allen county jail on a charge of petit larceny in the Fort Wayne city court last week by William H. Schannen.

Lipe was found guilty of stealing two sheep valued at $25 from Addie L. Baxter, Rural Route No. 2, Spencerville. A grand larceny charge against Lipe, in which he is accused of stealing 11 sheep valued at $105 from John C. Koch, Rural Route, No. 2, Spencerville was continued indefinitely.

John Strebig, of near Spencerville, was fined $10 and costs and sentenced to 35 days at the state penal farm. He was also accused of stealing sheep belonging to Koch and Baxter.

The Best RESOLUTION

By Katherine Edelman

FOR several days Billy Gibson had been racking his brain to find a rattling good resolution to make for the New Year. He wanted something that would be different, something that, while difficult, would not be at all hard to keep. He counted over and over again the list of resolutions he knew—all of them good enough in their way—but none of them seemed to be just the thing that he wanted. There surely must be some one resolution that would combine in it all that he wanted to do. But on the last night of the old year as he went to sleep he was as far from finding it as ever.

Unconsciously he drifted into sleep, then crashing upon the night came the sounds of welcome to the New Year. Billy was now wide awake and the first thing he thought of was the resolution still unmade. "What would it be?" he asked himself. He must decide on something and at once. Suddenly into Billy's mind there came the thought of a little verse that his mother had taught him in childhood:

> "So many kinds, so many creeds,
> So many ways that wind and wind,
> When just the art of being kind
> Is all the old world needs."

Reverently he repeated the four lines to himself, then he jumped up in bed with a start: "Why can't this be my resolution for this year?" he shouted. It is probably much better than that new and unique one that I was seeking, for the world needs kindness more than any one thing."

Another stained-glass window dominating the sanctuary's north wall depicts a woman holding on to a cross as rain showers down on her.

Treptow often wonders about the significance of the window and whether it's Mary weeping over the death of Jesus as she looks toward the sky.

"I have pondered that window, and there is a song that we sing a lot that strikes me as to what the picture is really about," he said. He refers to the song "Grace Greater Than Our Sins," written in 1911 by Julia H. Johnston. One of its verses says:

"Sin and despair, like the sea waves cold, threaten the soul with infinite loss; Grace that is greater, yes, grace untold, points to the refuge, the mighty cross."

The current church building has remained stalwart as a soldier. It is built according to the Akron Plan, a church architectural style popular in the late 19th and early 20th centuries, with semicircular seating in the sanctuary.

Some of the German settlers who lived in Chestnut had been traveling to Mount Pulaski to attend the Lutheran church there. But because of the difficulty of traveling back and forth, they ended up borrowing the Methodist church building for services for a while, Treptow said.

Treptow, who has been pastor for the past three years, remains busy traveling himself, pastoring churches in Latham and Mount Pulaski as well.

The membership role at Chestnut United Methodist has remained steady at 41, with an average of 28 devoted worshippers every Sunday.

"The church is small in numbers, but the members are determined to keep going," Treptow said, and I admire that."

The James-James Line

310 **JAMES HADSELL** of New London, Connecticut, was the progenitor of the James Hadsell Jr. families that settled in the northwestern part of the state. The first record that we have found of James Hadsell is that of his marriage to Patience (Hempstead) Ross, 7-6-1721. She was the widow of Thomas Ross, whom she married 9-29-1715, and who died 7-19-1719. She was the daughter of Joshua and Elizabeth (Larrabee) Hempstead, and sister of Joshua Hempstead, the diarist, of New London.

Patience (Hempstead) (Ross) Hadsell died 8-9-1725. The dairy of Joshua Hempstead records each of these events with dates as given herewith. Throughout th dairy the name is spelled (Hodsell", which leads us to believe that the name was pronounced with a broad "a", thus giving the sound of "o" as in the word "odd."

After the death of his first wife, Patience, James Hadsell married at Saybrook, Connecticut, Lydia Post, dau of Abraham and Elizabeth Sterns Post. The marriage is recorded in the Saybrook Vital Records, but the date is obliterated. We know that it was before 7-13-1726, for on that date Joshua Hempstead records in his dairy: "Brother Hodsell and his wife came."

James Hadsell was a sea captain, and believed to be a man of considerable wealth. In Joshua Hempstead's diary there are references to "Brother Hodsell" fitting out ships to go to Boston, Newport and other costal ports.

In 1722, "I sent Brother Hodsoll in the scow to deliver in the boat for Norwich, (Conn.) hhd. Rum, Small hides, hhd. Molasses and bbl. of sugar. I sold 2 bbls of pork to James Hodsoll at Boston prices, 5 lbs. per bbl. and "8-11-1730, I went on board with Brother Hodsoll who is loaded with 1,000 planks, 2, 2½, and 3 inch planks, and 2,000 staves bound for Boston." and "3-14-1731, brother Hodsoll came home from Boston yesterday." "11-19-1728, Brother Hodsoll came last night and lodged here, and in the morning we went on board Stephen and helped them sail for Newport." "7-1-1728, I was in town most all day with Brother Hodsoll buying 13 head of his sheep for 90 lbs."

The land records show this James Hodsoll buying and selling many parcils of land in New London, Saybrook and Killingsworth. On January 1, 1736 he sold for 172 lbs. current money all his land and "mansion house thereon" in New London to Joshua Hempstead, and this is the last record we

John

have found anywhere of this James Hodsoll. Tradition handed down relates that he went to England in that year to settle an estate, and was lost at sea. So firmly was this believed that almost a hundred years later his descendents made efforts to find this inheritance.

On January 23, 1736 the diary records "Sister Hodsoll and family goes to Saybrook; removed by water," to the home of her parents.

James Hodsoll and his wife Lydia (Post) Hodsoll had:

Issue (5) (Hadsell) PATIENCE, whose funeral was held 10-20-1729, age about 3 years; LYDIA, no further record found, Patience date of birth unknown, married as his (2) wife Jedidiah Pierson 10-25-1968(Killingsworth Vital Records). He was the grandson of Abraham Pierson, first president of Yale College; ELIZABETH, baptized 8-26-1733 (Joshua Hempstead's Diary) married 10-26-1752 Timothy Mix (Annals of Newington); JAMES, born at Saybrook 7-5-1736 (Saybrook Vital Records), married Hulda Joyce. Removed to Farmington, Conn., and resided in the section which in 1785 was set off as the town of Bristol. He died there 8-31-1805, aged 69 years.

In going to England, I found that the Captain James, the sailor that shows up in New London, Conn., in 1721 is the James mentioned in the will of Captain James, commander of his Majesties Ship Squirrell, and described as follows: "Unto my nephew James Hodsoll, son of my brother William Hodsoll, deceased, all such wages and table moneys as shall become due to him for the time he shall be with me as a volunteer in her Majesties Ship Squirrell, aforesaid." This will was probated March 18, 1710, and this young James shows up in New London about 1720 and is the father of the James; James; James line so prolific in America. His name was always spelled Hodsoll in New England.

311-310 JAMES HADSELL (James), b 6-5-1736 at Saybrook, Conn., died 8-30-1805 at Bristol, Conn., and buried in the North Burying Ground. He m 6-5-1736 Hulda, dau of Abel and Joanna Beulah Royce (Killingworth Records of the town).

The 1790 census of Bristol town, Conn., lists James Haddfull with four males over 16 (including himself) and 2 males under 16, and 5 females (including his wife).

French and Indian War Records from 1755 to 1762 lists this James Hadsell serving on active duty as follows: on the rolls of the Connecticut men; in the campaign of 1757 he served with the men from Farmington, in Capt. Pettibones Co., at Fort

"HADSELL THE COPPER SMITH." Copper was discovered late in the 18th century, through green colored water flowing from a spring on the farm of this James Hadsell. The following quotation is from an old history of Bristol, Conn., enlisted "In Olden Times" at New Cambridge as it was first called, describing a picture of James Hadsell's place.

"Outside the Skibbereen bars or entrance to the copper mine the road turns to the south for a short distance. At the bend facing the east, the last of the three larger houses built by James Hadsell and his son James Jr., stood for many years. On page 228 is a map locating Hadsell's Copper Shop, with the notation, "Blacksmith Hadsell worked the mine smelting the oar in his forge," and also locating "James Hadsell's Sr. place."

"THE WILL" of this James Hadsell was probated at Bristol 9-9-1805. The following quotations from it are interesting:

"In the name of God, Amen.; I, James Hadsell of Bristol in the Co. of Hartford, Conn., although laboring at present under some indisposition of body, yet being of sound and disposing mind, memory and understanding, through the mercy of God, do make and ordain this my last will and testament in manner and form following:

"First and principally I resign my soul with the utmost humility into the hands of Almighty God, my creator, humbly hoping for a blessed immortality through the merits and mediation of my blessed Savior and Redeemer Jesus Christ; and my body I desire may be decently buried at the descretion of my executors, that I shall in this testament hereafter name; and as for such temporal estate as the Lord in his great goodness and mercy hath entrusted me to be the steward of:........
"I give and bequith to my dear and beloved wife Hulda, the use and improvements of one-third part of my estate I die possessed of, during her natural life." The rest he destributes to the following named children; "To my daughters, Ruth, Mary, Hulda and Rebeckah, I also give and bequith to James and my other five sons, John, Mark, Ira, Luke and Dan the remainder of my estate."

Mark and Ira are appointed executors, and an inventory
